Smart Farming Solutions for Big Thinkers

Silo Weigher SW365

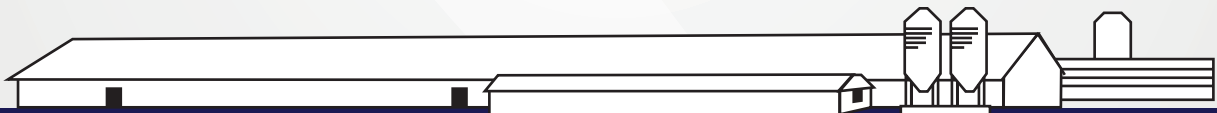

Introducing the SW365 Feed Silo Weigher: Precision Feeding Made Easy

In the pursuit of optimal poultry performance, accurate feed monitoring is a must. The SW365 Feed Silo Weigher from Agrologic stands out as a reliable and versatile solution for precise feed monitoring.

Key Features

- **Supports up to 2 silos, maximum 16 load cells:**
Provides comprehensive weight data for efficient feed management.
- **Intuitive Display:**
Easily monitor total feed levels in each silo and view the most recent fill amounts.
- **Seamless Integration:**
Integrates seamlessly with Agrologic Image III, Vision 24S, and FD4004 controllers for comprehensive farm management.
- **Individual Load Cell Monitoring:**
Accurately monitors load on each cell for easy troubleshooting, improved feed distribution, and enhanced silo leveling.
- **Smart Diagnostics:**
Pinpoints faulty load cells quickly for rapid resolution.
- **Built-in Alarm Relay:**
Alerts you to potential issues like load cell failures or low feed levels.
- **Remote Access:**
Connect to the SW365 via our DCS remote access device for real-time data access and control from anywhere with an internet connection.

Experience the difference with the **SW365 Feed Silo Weigher** – the key to optimizing your feed management and maximizing your flock's potential.

Technical Specifications:

Power: 12-48VDC

Accuracy: 0.1%

Resolution: 1 kg/Lb

Temperature Compensated: -10 to +40°C

Environmental Protection: IP65

Communication: RS 485

Display: 6 digits 7 segment display

Using Agrologic Loadcells:

Load Cell: 5000 KG/1000 Lb

Maximum load on 4 legs: 20 Tons [40000 Pounds]

Maximum load on 6 legs: 30 Tons [60000 Pounds]
